

Organização:

Encontro Online - 9 e 10 Abril

Posters & Blitz-Talks

SESSÃO 1 - 17:20/18:20 - Sexta-feira, 9 de abril de 2021

Blitz-Talks B1-B10

- B1 Evidence in support of a feeling-of-contrast error-editing mechanism in DRM lists**
M. S. Beato, S. Cadavid, M. Suarez, e P. B. Albuquerque
Universidad de Salamanca (Spain), Human Cognition Lab - CIPsi - University of Minho
- B2 How perceptions and attributions change with age... of the agent: Judging the same behavior performed by a child or an adult**
Madalena Ricoca-Peixoto e Sara Hagá
Faculdade de Psicologia - Universidade de Lisboa
- B3 A psychological interpretation of Prospect Theory's weighing function**
José Keating e Silvana Rodrigues
Human Cognition Lab - CIPsi - University of Minho
- B4 Control adaptations motivated by perceptual disfluency facilitates conflict resolution**
Gonçalo A. Oliveira, Miguel Remondes, Teresa Garcia-Marques
William James Center for Research, ISPA - Instituto Universitário, Instituto de Medicina Molecular
- B5 Intuition for the intuitive: Matching naïve theories of intuition and the use of intuition appeals in persuasion.**
F. Loureiro, T. Garcia-Marques, e D. T. Wegener
William James Center for Research, ISPA - Instituto Universitário
- B6 MoCA uncovers changes in white matter microstructure**
Guilherme Schu, Sara Ferreira, Stella de Haan, Lénia Amaral, Ana Rita Martins, Mário Simões, Jorge Almeida, e André Peres
Proaction Lab - CINEICC - Universidade de Coimbra
- B7 Is Statistical Learning appropriately measured by 2-AFC tasks? Electrophysiological correlates of SL under implicit and explicit conditions for high vs. low predictable triplets**
Francisco-Javier Gutiérrez-Domínguez, Maria Santos, Helena M. Oliveira, e Ana Paula Soares
Human Cognition Lab - CIPsi - University of Minho
- B8 Memory bias towards food stimuli**
Isabel Santos e Francisco Esteves
Hei-Lab - Universidade Lusófona de Humanidades e Tecnologias, Mid Sweden University (Sweden)
- B9 Metamemory for faces: Self-other awareness of typicality and race effects**
Alexandre Vieira, Tomás Palma, e André Mata
Faculdade de Psicologia - Universidade de Lisboa

B10 On the track of the visual N1 ERP component: the interplay between early visual-ortographic processing and phonology

Luís Faisca, Alexandra Reis, e Susana Araújo

Center for Biomedical Research - CBMR - University of Algarve, Faculdade de Psicologia - Universidade de Lisboa

Posters P1-P15

P1 Heuristics: Smart and frugal but also biased

Mafalda Catarino e Mário Ferreira

Faculdade de Psicologia - Universidade de Lisboa

P2 Are men up and women down? Gender effects on power spatial metaphors in European Portuguese

Inês Mateus, Helena Mendes Oliveira, e Ana Paula Soares

Human Cognition Lab - CIPsi - University of Minho

P3 Are women attracted to shape masculinity in male faces? A meta-analytic review

Bruno Barroso, Mariana L. Carrito, Pedro Bem-Haja, e Isabel M. Santos

Department of Education and Psychology - University of Aveiro, Faculty of Psychology and Education Sciences - University of Porto, Center for Health Technology and Services Research (CINTESIS), William James Center for Research

P4 Callous-unemotional traits moderate the relationship between anticipated guilt and wrongness judgments to moral transgressions in adolescents

Margarida Vasconcelos, Essi Viding, Catherine L. Sebastian, Susana Faria, Pedro R. Almeida, Óscar Gonçalves, Rui A. Gonçalves, Adriana Sampaio, e Ana Seara-Cardoso

Psychological Neuroscience Laboratory - CIPsi - University of Minho, Division of Psychology and Language Sciences - University College London, Department of Psychology - Royal Holloway University of London (UK), Department of Mathematics - University of Minho, Interdisciplinary Research Centre on Crime Justice and Security - Faculty of Law - University of Porto, Proaction Laboratory - University of Coimbra

P5 Chronotype and face memory: Evidence of an asynchrony effect for morning-types

I.M., Santos, P. Bem-Haja, P. Rodrigues, F. Monteiro, P.J., Rosa, A.A., Gomes, L.Q., Cerri, T.G.C. Barroso, F.M., Pelicas, D.S. Fidalgo, D.F.L. Queiroz, C. Rosa, M.F. Alves, A. Silva, e C.F. Silva

University of Aveiro, William James Center for Research, CINTESIS.UA, University of Beira Interior, HEI-Lab - University Lusófona of Humanities and Technology, CINEICC - University of Coimbra

P6 Contributions of deep neural networks and behavioural models to tools recognition: Exploring a proof-of-principle model

Giuliana M. Giorjani, Daniela Valério, Jon Walbrin, e Jorge Almeida

Proaction Lab - CINEICC - Universidade de Coimbra

P7 Cross-Race effect and individuation instructions: A preregistered replication of Hugenberg et al. (2007)

Patricia Gonçalves, Sara Fonseca, Francisco Cruz, e Ana Sofia Santos

CICPSI - Faculdade de Psicologia - Universidade de Lisboa

P8 Delay testing in a long operant chamber

Ana Sousa e Carlos Pinto

Animal Learning and Behavior Lab - University of Minho

P9 Do pictures influence memory and metamemory in Chinese vocabulary learning?

Zhimin Hu, Beatriz Marín-Luengo, Sara Cadavid, e Karlos Luna

Universidad del Rosario (Bogotá, Colombia), NRU - HSE (Moscow, Russia), Universidad Nacional de Colombia (Bogotá, Colombia)

P10 Development and validation of the Lusophone Technostress Image Database (LTID) for elicitation of technology-related stress

Pedro J. Rosa e Adriana Encarnação

P11 Stroop effects and social presence: A meta-analytic review

Alexandre Fernandes, Ana Carolina Neves, e Teresa Garcia-Marques
William James Center for Research, ISPA - Instituto Universitário

P12 Executive control and emotional interference with auditory stimuli

Catarina Rosa, Carolina Sarmiento, Filipa Baptista, Pedro Bem-Haja, Maria Ferreira, Catarina Nóbrega, Francisco Santos e Carlos F. Silva
Department of Education and Psychology - University of Aveiro, William James Center for Research

P13 Examining the gender congruency effect in early Spanish-Galician bilinguals: A forward and backward translation study with bare nouns

D. Gallego, L. Vieitez, A.R., Sá-Leite, I. Fraga, M. Comesaña
Cognitive Processes & Behaviour Research Group, Department of Social Psychology, Basic Psychology & Methodology - University of Santiago de Compostela (Spain), Research Unit in Human Cognition - CIPsi - University of Minho

P14 Forgetting alcohol: a double-blind, randomized controlled trial investigating memory inhibition training in binge drinkers

Natália Almeida-Antunes, Margarida Vasconcelos, Rui Rodrigues, Alberto Crego e Eduardo López-Caneda
CIPsi - Universidade do Minho

P15 The science behind attraction: A multimodal sensory integration

Patrícia Sousa e Joana Arantes
CIPsi - Universidade do Minho

SESSÃO 2 - 18:20/19:20 - Sexta-feira, 9 de abril de 2021

Blitz-Talks B11-B20

B11 Neural mechanisms underlying processing speed in healthy older adults

Sara Ferreira, Guilherme Schu, Stella de Haan, Lénia Amaral, Ana Martins, Mário Simões, Jorge Almeida, e André Peres
ProactionLab - Universidade de Coimbra

B12 When profit and production are getting in the way: Reevaluating care-oriented occupations

Sofia Narciso e Sara Hagá
Faculdade de Psicologia - Universidade de Lisboa

B13 Beginning readers show stronger Ebbinghaus illusion than preliterate children

Miguel Domingues e Tânia Fernandes
Faculdade de Psicologia - Universidade de Lisboa

B14 Are angry men perceived as more masculine?

Mariana L. Carrito, Francisca Ferreira, Pedro Bem-Haja, David Perrett, e Isabel M. Santos
Faculty of Psychology and Education Sciences - University of Porto, Center for Health Technology and Services Research (CINTESIS) - University of Aveiro, School of Psychology and Neuroscience - University of St Andrews (UK), William James Center for Research (WJCR), Department of Education and Psychology - University of Aveiro

B15 Are emoji really emotional? The influence of emoji facial expressions in the processing of emotional sentences

Márcia Costa, Helena Oliveira e Ana Paula Soares
CIPsi - Universidade do Minho

B16 The relationship between components of mind-wandering consciousness and the empathizing/systemizing modes

Patrícia S. Coelho, Elisabeth Fernandes e Óscar F. Gonçalves
Proaction Lab - Universidade de Coimbra

B17 Does hallucination proneness modulate cognitive and emotional conflict processing?

Maria Amorim, Lucas Naumann, Sonja A. Kotz, e Ana P. Pinheiro

Faculdade de Psicologia - Universidade de Lisboa, Faculty of Psychology and Neuroscience - University of Maastricht, Department of Neuropsychology, Max Planck Institute for Human Cognitive and Brain Sciences

B18 Tell me what you see: Hearing verbal labels improves visual working memory

Alessandra S. Souza

Faculty of Psychology and Education Sciences - University of Porto

B19 The Emotional Movie DataBase (EMDB): Second stage validation

Bruno Kluwe Schiavon, Catarina Gomes Coelho, Laura Koppensteiner, Augusto J. Mendes, Alberto Lema, Óscar F. Gonçalves, Jorge Leite e Sandra Carvalho

CIPsi - Universidade do Minho

B20 Blocking Effects in Learning to Interpret the Behaviors of Others

André Ribeiro Vaz, André Mata, e Tomás Palma

Faculdade de Psicologia - Universidade de Lisboa

Posters P16-P30

P16 Diferentes “rótulos” mas um mesmo estereótipo?

Sara Varatojo, Matilde Barata, e Teresa Garcia-Marques

William James Center for Research, ISPA - Instituto Universitário

P17 Free association norms for differently-valenced emotion, concrete and abstract Portuguese words

Sara B. Félix, Luciana Correia, Soraia S. Monteiro, Sara Pinheiro, Mariana Melhorado, e Josefa N. S. Pandeirada

William James Center for Research, Department of Education and Psychology - University of Aveiro

P18 Gender differences in the emotional appraisal of rape

Pedro J. Rosa, Joana Carvalho, Henrique Silva, Rebeca Melo, Janice Souza, e Rodrigo Narciso

Digital Human-Environment Interaction Lab (HEI-lab) - University Lusófona of Humanities and Technology, ISHIP - Transdisciplinary Research Center - Instituto Superior Manuel Teixeira Gomes

P19 Are lay beliefs about science explainable through the lenses of intuitive dualism?

Francisco Cruz, André Mata, e Tomás Palma

Faculdade de Psicologia - Universidade de Lisboa

P20 How does elderly see animacy in words? A norming study with a Portuguese sample

Sara B. Félix e Josefa N. S. Pandeirada

William James Center for Research, Department of Education and Psychology - University of Aveiro

P21 Language and memory in bilinguals: Source monitoring differences for false information in Russian-English bilinguals

Aleksandra Dolgoarshinnaia e Beatriz Martín Luengo

NRU - HSE (Moscow, Russia)

P22 Memory for faces and cars: Association with time-of-day and chronotype

K. Silva, P. Bem-Haja, P. Rodrigues, F. Monteiro, P.J. Rosa, C.F. Silva, e I.M. Santos

Center for Health Technology and Services Research (CINTESIS) - University of Aveiro, Beira Interior University, HEI-Lab - University Lusófona of Humanities and Technology, William James Center for Research

P23 Moral judgement and decision making in a social context

André Amaral e Mário Ferreira

Faculdade de Psicologia - Universidade de Lisboa

- P24 More is less: Detrimental effects of repetitions in a 2-AFC task aimed to assess Statistical Learning for high- and low-predictable nonsense words under implicit and explicit conditions**
Helena Mendes Oliveira, Tiago França, Francisco Gutierrez, Inês Sousa, e Ana Paula Soares
CIPsi - Universidade do Minho
- P25 Orientation polarizing visual cues modulate the perceptual displacement of a moving target**
Rodrigo Freitas e Nuno Alexandre de Sá Teixeira
William James Center for Research, Departamento de Educação e Psicologia - Universidade de Aveiro
- P26 Studying reconsolidation of episodic memories on virtual settings: A variant of Hubbach's object learning paradigm**
Inês Bofía e Sara Cadavid
Universidad del Rosario (Bogotá, Colombia)
- P27 Tell me who you work with and I'll tell you who you are: Is perceived competence of care-oriented professionals influenced by how we perceive the group they care for?**
Mariana Garrido Marques e Sara Hagá
Faculdade de Psicologia - Universidade de Lisboa
- P28 The effect of emotional facial expressions on time perception**
Flávia Ferreira, Daniela Costa e Joana Arantes
CIPsi - Universidade do Minho
- P29 Visual tasks modulate functional connectivity patterns of the auditory cortex in deaf**
Zohar Tal e Jorge Almeida
Faculty of Psychology and Educational Sciences - ProactionLab - Universidade de Coimbra
- P30 To err is human, to avoid err is even more human: A skewed selection of learning environments**
André Gonçalves e Leonel Garcia-Marques
Faculdade de Psicologia - Universidade de Lisboa

SESSÃO 3 - 19:20/20:20 - Sexta-feira, 9 de abril de 2021

Blitz-Talks B21-B33

- B21 Mapping the dimensions of object knowledge**
Stephanie Kristensen, Alessio Fracasso, Zohar Tal, e Jorge Almeida
ProactionLab - Universidade de Coimbra
- B22 Modulation of the cognitive event-related potential P3 by transcranial Direct Current Stimulation: Systematic review and meta-analysis**
Augusto J. Mendes, Kevin Pacheco-Barrios, Alberto Lema, Óscar F. Gonçalves, Felipe Fregni, Jorge Leite, e Sandra Carvalho
Psychological Neuroscience Laboratory - CIPsi - University of Minho, Neuromodulation Center - Spaulding Rehabilitation Hospital & Massachusetts General Hospital - Harvard medical School (Boston, USA), Portucalense Institute for Psychology - Portucalense University, Proaction Laboratory - Faculty of Psychology and Educational Sciences - University of Coimbra
- B23 Mother-infant Structured Social Interaction at 12 months: The effect of the task on the Maternal Touch Patterns**
Juliana Serra, Helga Miguel, Adriana Sampaio, Ana Alexandra Moura, e Alfredo Pereira
CIPsi - Universidade do Minho
- B24 Observation and imagination as sources of false memories for everyday actions**
Margarida Cipriano, Pedro B. Albuquerque, Ana P. Pinheiro, Paula Carneiro, e Isabel Lindner
Faculdade de Psicologia - Universidade de Lisboa, CIPsi - Universidade do Minho, Universität Kassel - Institut für Psychologie (Kassel, Germany)

- B25 Turn-taking in face-to-face and object-oriented interactions: A longitudinal study at 7 and 12 months**
Vladimiro Lourenço, Joana Coutinho, Juliana Serra, Helga Miguel, Adriana Sampaio, e Alfredo F. Pereira
CIPsi - Universidade do Minho
- B26 Auditory statistical learning in children with and without development language disorder (DLD) and its relation to language skills**
Alexandrina Lages, Francisco-Javier Gutiérrez-Domínguez, Helena M. Oliveira, David Tomé, Marisa Lousado, e Ana Paula Soares
CIPsi - Universidade do Minho
- B27 Better waste (food) than sorry: Households' aversion to cook "just enough"**
Nuno Fernandes, Rita Jerónimo, Cláudia Simão, Mário Ferreira, e Matilde Loureiro
ISCTE - Instituto Universitário de Lisboa
- B28 Cognitive control and social norms of prohibition and obligation: An adapted Flanker task with traffic signs.**
Teresa Garcia-Marques, Pedro Figueira, Alexandre Fernandes, e João Martins
William James Center for Research, ISPA - Instituto Universitário
- B29 Investigating the role of stereotypic information on the cross-race effect in face recognition**
Joana Quarenta, Tomás A. Palma, Ana Sofia Santos, e Joshua Correll
Faculdade de Psicologia - Universidade de Lisboa
- B30 Mind wandering and musical creativity in expert jazz improvisation**
Pedro T. Palhares, Diogo Branco, e Óscar F. Gonçalves
Proaction Lab - Universidade de Coimbra
- B31 A dual-process approach to cooperative decision making under uncertainty**
Daniela Costa, José Keating, e Joana Arantes
CIPsi - Universidade do Minho
- B32 The effects of direct current stimulation and random noise stimulation on attention networks**
Alberto Lema, Sandra Carvalho, Felipe Fregni, Óscar F. Gonçalves, e Jorge Leite
Psychological Neuroscience Laboratory - CIPsi - University of Minho
- B33 Portuguese validation of the Alcohol Craving Questionnaire – Short Form – Revised**
Rui Rodrigues, Eduardo López-Caneda, Natália Almeida-Antunes, Adriana Sampaio, e Alberto Crego
CIPsi - Universidade do Minho

Posters P31-P40

- P31 Cross-cultural adaptation: The effect of discrimination and disidentification on motivation to adapt**
Nuno Fernandes, Kinga Bierwaczzonek, Sven Waldzus, Beatriz Borrego, Daniela Rocha, Maria Carmona, e Tiago Teixeira
ISCTE - Instituto Universitário de Lisboa
- P32 Does destination memory depend on facts interest?**
Raquel Pinto e Pedro B. Albuquerque
CIPsi - Universidade do Minho
- P33 If I decide with whom I share my stories, will I remember it better? The importance of a decision component on destination memory**
Diogo Lima, Pedro B. Albuquerque, e Maria Soledad Beato
CIPsi - Universidade do Minho, Universidad de Salamanca (Spain)
- P34 Innocent until proven child? Adults' assumptions about children's and adults' behaviors**

João O. Santos, Sara Hagá, e Leonel Garcia-Marques
Faculdade de Psicologia - Universidade de Lisboa

P35 Perceiving others' faces: The impact of Covid-19 concerns

Ana C. Magalhães, Josefa N. S. Pandeirada, e Sandra C. Soares
William James Center for Research, Departamento de Educação e Psicologia - Universidade de Aveiro

P36 Visual attention bias to reproduction-related stimuli in young women with breast cancer

Ana Bártolo, Isabel M. Santos, Raquel Guimarães, Salomé Reis, e Sara Monteiro
Escola Superior de Saúde - Departamento de Educação e Psicologia - Universidade de Aveiro

P37 Visual movement has no advantage over audition in duration perception

Nathércia L. Torres, São Luís Castro, e Susana Silva
Faculdade de Psicologia e de Ciências da Educação - Universidade do Porto

P38 What do my eyes say? Attentional bias in behavioral inhibited children

Catarina Cova Fernandes, Ana Teresa Martins, e Luís Faisca
Center for Biomedical Research - University of Algarve

P39 “Do I know you?”: The impact of surgical masks on face recognition during the COVID-19 pandemic

Natália Guerra, Pedro B. Albuquerque, Raquel Pinto, Pedro F. S. Rodrigues, e Pedro S. Mendes
CIPsi - Universidade do Minho

P40 Dual-task cost: Setting up a reliable cognitive motor interference protocol

Raquel Lemos, Pedro Ferreira, Vítor Paixão, Ricardo Matias, e Albino Oliveira-Maia
Champalimaud Foundation

P41 Effects of valence and self-reference on source memory: Behavioral and electrophysiological insights

Diana R. Pereira, Adriana Sampaio, e Ana P. Pinheiro
Psychological Neuroscience Lab - CIPsi - University of Minho, Faculdade de Psicologia - Universidade de Lisboa

P42 Efeitos da comunicação presencial e via Facebook na solidão subjectiva: resultados preliminares

Carolina Figueiredo e Rui Miguel Costa
William James Center for Research, ISPA - Instituto Universitário
